Adam Nemeth Muffett, U.S. Department of Justice, Washington, DC, for Respondent.

RULING ON ENTITLEMENT¹

On July 13, 2023, Sophia Banks filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). On January 9 and August 27, 2024, Petitioner filed amended petitions. Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”) resulting from an influenza vaccine received on December 22, 2021. Second Amended Petition at 1. Petitioner further alleges that her symptoms have continued for more than six months and Petitioner has not received any type of award, judgment, or settlement for her injuries. Second Amended Petition at ¶¶ 40, 41. The case was assigned to the Special Processing Unit of the Office of Special Masters.

If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2018).

On January 29, 2025, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent agrees that Petitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table in that "petitioner had no history of pain, inflammation, or dysfunction of her left shoulder prior to vaccination; pain occurred within forty-eight hours after receipt of an intramuscular vaccination; pain and reduced range of motion [were] limited to the shoulder in which the vaccine was administered; and no other condition or abnormality has been identified to explain petitioner's shoulder pain." *Id.* at 14. Respondent further agrees that the records demonstrate that Petitioner suffered the residual effects of her condition for more than six months and has satisfied all legal prerequisites for compensation under the Vaccine Act. *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
